# Hope For Consumptives EASY FOR EACH

Many consumptives and persons suffering from lung trouble, who had given up all hope of ever being well again, have been, and are being, today restored to health and happiness by the wonderful discovery of Judd Q. Lloyd, the eminent scientist who discovered a marvelous preparation for the successful treatment of consumption and lung troubles, known as AICSOL (LLOYD,) and for this discovery was, on Dec. 15th, 1908, awarded a diploma of merit by the London Society of Science, Letters and Arts of London, England, in recognition of his valuable services to mankind in discovering AICSOL (LLOYD.)

To Make Oath

Had you spent \$23,000,00 in advertising your remedy to the people for the beacht of consumption and all the chronic lung troubles, inspend of distributing it among physicians who put samples in out-of-the-way places and perhaps neverthink of them again, you would now, in all probability, have a paying trade, while many poor victims of the White Plague that are now in their graves would be well and attending to business.

I believe you have one of the best remedies over offered to the people. I believe for the set of the best remedies over offered to the people. I hellero it to be a general reconstructor of tissue and indicated in all eases where a reconstructor is called for. I have used Alcod (Lloyd) for nearly five years, and know what I am talking about. Once the remedy becomes generally known there will be but little trouble disposing of it.

You can use my name in any way you see it in advertising, as I have said nothing in regard to the matter to which I will not be willing to make out here such course is necessary.

Very respectfully, J. A. WAED, M. D. Troy, Mo., July 22, 1908.

Wife of Consumption

"My wife was down with Consumption, when I ordered a bottle of Alesol (Lloyd). She was very weak from night sweats, cough, and in a feverish condition. I noticed a change for the better after ten days' treatment, and from that time on up to three months, when the cure was completed. Alcsol (Lloyd) kills the Tubercle Bucillus in the blood and tissue, and it is the only remedy so far discovered that will do this. It is a preventative as well as a cure. It should be used by those who are run down, or those who fear the approach of Consump-tion. It can be truthfully said that Aicsol (Lloyd), for the cure and prevention of Consumption, is the most wonderful compound of the present age." DR. W. H. KNIGHT,

J. A. Ward, M. D., Willing A Physician Cures His Judge Sidener Saved from Consumptive Grave

> Gentlemen:—I have given Alcaol (Lloyd) a thorough trial for tuber-culosis, which I contracted some four years ago after a severe attack of pneumonia. consists, which I constructed wome four years ago after a severe attack of pneumonia.
>
> I spent a large amount of money in traveling and doctoring when last July my physician decided that my cristence would end inside of two months. I had lost my voice entirely and was unable to get out of bed without assistance: in fact, I was withing for the end to come as rapidly as possible. On the 28th day of July of last year, I started on the first bettle, taking it every hour 16 hours per day, and living out of doors in a tent at the same time. At the end of the first week my appetite, which I had lost, began to get good, and in two weeks I was eating five times a day. I have taken several bottles in the past three months and have gained if pounds, and think without a doubt that Aicsol (Lloyd) has saved my life.
>
> I cheerfully recommend it to any one who is suffering from Tuberen-lesis, believing it is the only medicine that will effect a cure.
>
> You have my consent to use this letter or myself as reference at any time you may see fit.

GEORGE B. SIDENER. Formerly Judge in St. Louis Court.

Consumption May Be Cured

ary daties and household and sound of yore; is a gratified and sound woman.

The above case was far advanced in the second stage; night sweats, daily chilk, heetic flush, and in the stage of menopause, which is one of the most critical periods in woman's life.

I believe it will cure nine out of ten cases for which it is made, thereby saving and prolonging life, bringing health, happiness and asving immense swifering, and in the aggregate, worry and thousands and millions of money. I heartily recommend AICSOL (Lloyd) to all interested and swifering with any form of consumption, and give permission to use my name in placing AICSOL (Lloyd) before the public.

Very respectfully.

McLeansboro, lil., Jan. 8, 1869.

These are only four of hundreds of similar letters we have received from leading physicians and hundreds of grateful patients. So sure are we that AICSOL (Lloyd) is a successful treatment for consumption and lung troubles, and chronic Bronchitis, and that any sufferer will feel its beneficial effects inside of 15 days, we will gladly send a full month's treatment to any sufferer who will send us their name and address. Take the treatment 15 days according to directions. Should the results be such as to make you certain a continuance of AICSOL (Lloyd) will cure you, you are to remit us to for same and continue the treatment. If, after taking the treatment for 15 days, you are not satisfied with the results, no charge will be made for that which you have used. You take absolutely no risk whatever. AICSOL (Lloyd) must be entirely satisfactory to you before you pay us one cent. The burden of the proof is entirely on us. What AICSOL (Lloyd) has done for others it should do for you. Send your name and address today to RESTORALL CH\_MICAL CO., 638 Lloyd Building, St. Louis, Mo.
